MESSAGE FROM THE PRINCIPAL

On behalf of Kala Academy Goa's College of Theatre Arts, I am extremely happy to present this production of our Semester III students of BPA(Theatre) programme of the Hindi play , “Tabut Zindagi” written by Mr Kavindra Phaldessai and directed by Shri Vijaykumar Naik.

Performance is our core activity and this play will showcase the abilities of our students in various departments of drama production.

We had to postpone the production as the Covid-19 pandemic compelled us to adopt to online teaching for theory courses and all our practical courses had to be suspended.

But, the indomitable spirit and enthusiasm of our students has been channelized by the versatile director and our guest faculty Shri Vijaykumar Naik into this production in a very short time.

I am sure all of you will enjoy this show. Your words of appreciation and constructive criticism will enable our students to transform into professional theatre personalities in coming years.

I thank Shri Govind Gaude, Hon. Chairman of Kala Academy for his encouragement and guidance.

I thank the playwright, director and the entire production team that consists of our students and staff of the college and Kala Academy for collaborating to produce this show.

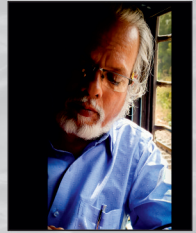

Ramrao Surya Wagh

Principal,

Kala Academy Goa's College of Theatre Arts, Campal, Panaji Goa

MESSAGE FROM DIRECTOR

It has been always an experience full of energy and enthusiasm working with youngsters and the second year students of Kala Academy Goa's College of Theatre Arts were no exception to it. After a long gap of theatrical activities because of pandemic they were been starving for the practical work in theatre. The objective of this performance was to let students understand the production process and have practical experience of it. So did the students. They not only acted in the play but also took the responsibility of all the technical sides from designing to documentation.

Vijaykumar Naik

“Tabut Zindagi” by Kavindra Phaldesai provided them with different layered characters so as to complete canvas by every students with their abilities to act. This process of creating of characters and working for the backstage department at the same time was very much enjoyed by the students. This experience will definitely help them to carve their path towards becoming a good theatre artist.
